Bachelor of Technology, Biotechnology Engineering

- Internship at iB Hubs (Tech 4.0 incubator): Analyzed ecosystems of health-tech incubators and growth-stage startups across US, Israel and India to identify key success factors to support 10+ early-stage biotech startups in India
- Technical Association of Biotechnology (VP), Arts Club (Logistics Head), Music Club (Lead Vocalist)

EXPERIENCE

Licensing and Ventures Group (University of Virginia) – Charlottesville, VA **Summer 2025**

Commercialization hub for university's research providing licensing, patenting, incubation, & funding support

Venture Capital Intern, Seed Fund ($20M AUM)

- Led due diligence for 8 early-stage startups by validating market size, benchmarking competitive positioning, and modeling unit economics; drove $500K+ investment approvals for 2 novel technologies
- Redesigned GTM strategy amid policy changes for portfolio biotech company; identified and secured new partnerships with South Asian contract research organizations, accelerating time-to-market by 24 months

2070 Health (W Health Ventures) – Bangalore, India **2024**

India's first healthcare venture studio, part of W Health Ventures - US-based $100M healthcare-focused fund

Pre-MBA Analyst, New Ventures

- Identified healthcare specialty market opportunity in North America for launching a service-outsourcing company for providers; led market sizing, competitive analysis, and risk assessment
- Crafted product strategy, including feature prioritization and roadmap development for proposed company by conducting 10+ tests with cross-functional teams; company rolled out in 2025, projected $100M+ annual recurring revenue by 2029
- Owned end-to-end launch and pricing strategy for portfolio firm's new service; validated demand via pilot programs and 5+ A/B tests; projected to generate $500k+ in incremental annual recurring revenue
- Utilized demand forecasting for a portfolio firm to identify peak-time surges and identified patient-flow bottlenecks; redesigned patient-flow roadmap and physician allocation that cut wait times by 15% across 3 pilot sites

Sortizy – Hyderabad, India **2020-2023**

India's first food social-commerce platform offering personalized meal-plans, automated grocery list, & guided recipes

Co-founder and Chief Business Development Officer

- Crafted scalable business model identifying market needs and led cross-functional team of 12 (tech, product, marketing) to launch mobile app; recognized as 'rising star app of India' within 2 months of launch by Google
- Spearheaded GTM by profiling potential users, designing & running marketing campaigns, and incorporating data-driven feedback loops; acquired 130k users and won Google's 'best everyday essentials app' award among 40k apps
- Raised $200k ($1.6M valuation) by leading fundraising pitches and managing stakeholder relations with institutional investors; pitched on Shark Tank India securing additional $50K
- Launched app's first monetization channel by building in-app shopping capabilities; secured 150+ B2B food brand partners listing 3k+ products, generating $10k annual recurring revenue
- Developed content creator outreach and engagement strategy; built 500+ creator partnerships and curated 14K+ digital recipes, driving 240K+ hours of engagement and 5K+ user-generated meal plans

Orbees Medical Business Solutions – Hyderabad, India **2018-2020**

US-based boutique med-tech consulting firm

Associate Consultant

- Conducted strategic market mapping of AI in radiology to identify top 5 acquisition targets for Fortune-10 client, supporting development of innovative product for early diabetes detection; projected to diagnose 40M+ people worldwide
- Developed cost benefit analysis for 10+ hospitals to demonstrate cardiovascular device ROI and created sales pipeline, driving 50% growth ($200M+ sales) in Japan for global top-3 MedTech client
